About the Journal of Business Administration and Social Studies

The "Journal of Business Administration and Social Studies" is a peer-reviewed, open-access, online-only journal published by İstanbul University-Cerrahpaşa.

Journal of Business Administration and Social Studies is a continuously published journal in English and Turkish. The journal has moved to continuous publication by volume from Volume 9. Rather than publishing content into two online issues per year, all articles are published into a single annual (January-December) volume which will fill throughout the year as each new article is published.

Continuous publication model allows articles to be immediately released online rather than waiting for other articles in the issue to be completed. This model enhances the visibility and accessibility of the latest developments in the field.
